Date August 26, 2019

Dear Residents of Seven Hills

This past Saturday August 24th Seven Hills City Council confirmed the findings of the Seven Hills Planning Commission to approving some minor sign changes to the planned Meijer store in Seven Hills.

One of the small changes was the addition of our name (Seven Hills) to signage at the store. Another change was an update in color scheme. The color scheme will now reflect the modern design in marketplace.

It is a testament to the respect they show Seven Hills, that Meijer and their representatives completed the entire planning process for these changes.

In addition, it was shared with City officials that Meijer was able to come to terms with Kmart regarding the current lease on the property. This important agreement now allows Meijer to move 1 year ahead of the original schedule and plan construction for this spring.

Anthony D. Biasiotta

Council President / Acting Mayor
