September 18, 2017

Dear Residents,

We are all aware of the numerous power outage in the neighborhood over the years. Recently, there were several that lasted just long enough to have to reset everything in your homes. After speaking with Mayor Michael Procuk of Brooklyn Heights, we decided to ask First Energy to attend a town hall meeting jointly since the clerical lines are in both communities.

Sharing a border with Brooklyn Heights will give us the opportunity to share the same concerns at the same time. The meeting will be held on Wednesday, September 27<sup>th</sup> at 6:30 p.m. at the seven Hills Recreation Center, 7777 Summitview Drive, Seven Hills 44131.

Both of our representatives from First Energy will attend to address the outage history details. They will also provide information on action plans determined by First Energy. Terry Killeen is the External Affairs Manager for Seven Hills and Karen Kirsh holds the position overseeing Brooklyn Heights.

Please join me in attending this meeting.

Sincerely,

Mayor Richard Dell'Aquila
