

# Lap Lane Procedures

- **Aquatic programs**, such as water therapy and swimming lessons have reserved lap lane times. See the dry-erase board on the wall by lane four.
- **All lanes are shared lanes.** Exceptions may be made at the discretion of the Lifeguard/Manager on Duty.
- **30-minute limit** when another swimmer is waiting to use a lap lane and no other space is available.
- **Be honest and adhere** to time limits.
- **Be respectful to the lifeguards** since they are here to keep you safe.
- **If you are not lap swimming**, please be considerate of those waiting to use a lane. Complete your workout and take conversations to another area of the pool.
- **Please cooperate with these rules**, otherwise you may be asked to leave the lap lane/pool.
- **Keep in mind**, the lap swimming schedule is subject to change without notice.

**Thanks, and have a great swim!** 😊
