PUBLIC NOTICE

Ensuring Accessibility for All: Americans with Disabilities Act (ADA) Self-Evaluation

The City of Seven Hills is committed to fostering an inclusive and accessible community for all its residents and visitors. In line with this commitment, we are conducting a comprehensive self-evaluation to ensure compliance with the Americans with Disabilities Act (ADA) and to identify areas where accessibility can be enhanced.

The ADA is a federal law that prohibits discrimination against individuals with disabilities and mandates equal access to public facilities, services, and programs. As a city, it is our responsibility to uphold these rights and create an environment that accommodates the needs of all community members.

To effectively evaluate our current accessibility practices, we have assembled a dedicated team representing various city departments, including public works, transportation, parks and recreation, and community services. This diverse team, in collaboration with disability advocates and individuals with disabilities, will conduct an in-depth review of our policies, infrastructure, and services.

During the self-evaluation process, we will assess the accessibility of city-owned buildings, facilities, and public spaces, ensuring they meet ADA standards. We will also evaluate our policies, procedures, and practices to identify any areas that require improvement, such as hiring practices, communication methods, and emergency preparedness.

Your Input Matters! We strongly believe that an inclusive community requires collaboration and engagement from all stakeholders. We encourage individuals with disabilities, disability advocacy organizations, and the general public to share their valuable insights and experiences regarding accessibility in Seven Hills.

We invite you to participate in public forums, surveys, and focus groups that will be organized to gather feedback on your experiences and to identify any additional accessibility concerns. Your input will help shape our action plan and guide our efforts to create a more accessible city.

Together, we can make a difference! Our commitment to accessibility extends beyond legal obligations. By working together, we can create an environment where everyone, regardless of ability, can fully participate in the community and enjoy the opportunities Seven Hills has to offer.

For more information, to provide input, or to request accommodations for participation, please contact:
